Mission

The mission of **My BEAUTY & BARBER College** is to be a recognized provider of highly-trained and innovative professionals by offering exceptional Barbering Course, Cosmetology, Esthetician, Manicuring and Barbering Crossover programs to vocational career students. Combining faculty and student passion, academic excellence, and extensive hands-on laboratory training, we prepare students to become entry-level licensed professionals ready for an exciting and successful career in the beauty industry.

Objectives of the Barbering Course, Cosmetology, Esthetician, Manicuring, and Barbering Crossover Programs

Our goal is to provide quality education by implementing a combination of technical instruction and practical operations into our curriculum as well as by giving our students as much experience and practice as possible in a wide variety of up-to-date techniques of barbering, cosmetology, esthetician, and manicuring. In this way, students will perform at the skill level necessary to obtain entry-level employment opportunities. In addition, students will be prepared to pass the California Cosmetologist, Barber, Esthetician or Manicuring Exam. All five programs offered lead to occupations requiring licensure in the state of California. In order to obtain a license in barbering, cosmetology, esthetician or manicuring, candidates for licensure must attend a licensed school and complete the state of California's minimum required training hours:

- Barber License – 1500 hours
- Cosmetologist License– 1600 hours
- Esthetician License – 600 hours
- Manicuring License –400 hours
- Barbering Crossover – 200 hours

Licensure

After completion of training, graduates are required to take and pass a licensing exam issued by the State of California Board of Barbering and Cosmetology before receiving their license and beginning employment in the field.

Students' who complete a state-required training program, including the minimum practical services as established by the California Board of Barbering and Cosmetology, are qualified to take the licensing examination given by the Board. Upon passing the examination, the graduate may obtain a license in the State of California. With this professional license, the graduate may be employed in a barber/styling establishment or a beauty/styling salon, or may own and operate his/her own barber business.

To take the licensing examination, students in the Barbering Course, Cosmetology, Esthetician, Manicuring, and Barbering Crossover programs are required to:

- Complete the total clock hours of instruction in a program at a board-approved school
- An applicant must be at least 18 years old. 17 years of age is acceptable if the student has a high school diploma or the equivalent.
- Have committed no acts or crimes constituting grounds for denial of licensure under Section 480 of the Business and Professions Code

In addition to the Proof of Training document, students must also present picture identification, file an Application for Examination, and remit an examination fee. Students must furnish a model, examination kit fees,

and traveling expenses to the Board of Barbering & Cosmetology Examination Centers, located in Los Angeles, CA and Fairfield, CA.

History

2002 – Ut Nguyen (the founder) was born in Hue, Vietnam. At 16 years of age, he attended Quoc Hoc University and graduated with a Certificate (equivalent to a bachelor's degree in the US) in Political Science. After the university, he decided that a career in politics was not for him due to political events in Vietnam at the time. Hairstyling had always been his hobby, so in 1971 he and his wife (Kim Yen Nguyen) decided to pursue their hairstyling career in the main capital city, Saigon. Before venturing into their own business, they studied intensively under a famous hairstylist, Hoang Duc, in Hue. Through hard work, practice, and self-discipline, they mastered the skills and techniques of the hairstyling field. As a result, they were able to successfully build a wealthy clientele in Saigon, catering only to the socialites of that era. Their clientele continually grew to include movie stars and musicians as well, and Hoang Yen Salon became well known to everyone who visited or lived in Saigon at that time. The Nguyens worked in their salon through the Vietnam War and its aftermath (the fall of Vietnam to Communism).

Having lived through the war, witnessing and experiencing firsthand the horrific rule of the new Communist Party, they realized that they wanted to take their career in another direction. They wanted to use their skills and knowledge of hairstyling to train youths who had become homeless as a result of losing their family in the war; the Nguyens wanted to provide those youths with an opportunity for a vocational career. In 1985, they decided to close their salon and use the space to develop and expand into a school. Thus, they opened Hoang Yen Hairstyling School, the first hairstyling school in postwar era Saigon. Their first group of students consisted of 30 young adults (18 – 25 years old), both male and female.

In the war's aftermath, many people plunged into extreme poverty, especially the youths who became orphaned. As a consequence, the Nguyens offered to train them without cost in the skilled art of hairstyling. In return, these students agreed to assist with the upkeep of the school. The Nguyens managed the school up until 1991, at which time they felt it was the right time to leave their home country, still under Communist rule, to seek better opportunities, not for themselves, but for their seven children. The Nguyens immigrated to Stockton, California, in November 1991. Even with their extensive experience in the hairstyling field, they went back to cosmetology school to learn basic laws and regulations pertaining to hairstylists required by the state of California.

After acquiring their licenses, Ut Nguyen and his wife were able to acquire Mai's Hair & Nails. Managing the salon for 10 years made them realize what their true passion was: to impart their knowledge and skills from all these years to students who would then be able to use those skills to improve their lives. As a result, My Barber College was founded in 2004. Due to the success of the Barber College, the Nguyens ventured on to establish My Beauty & Barber College. The following timeline shows some key developments in the history of the school:

2004 --My Barber College was established under the name "My's Barber College" at 6171 Stockton Blvd., #155, Sacramento, CA 95824. The Bureau for Private Postsecondary and Vocational Education (now the Bureau for Private Postsecondary Education) granted approval to operate in July 2004.

2006 --We changed our name from My's Barber College to My Barber College because the general public does not know that My's is in actuality a name, but in a possessive form. Therefore, to simplify, we took out the "s" in the My, and our name became My Barber College.

2009 – We moved to a new location on Mack Road to expand our facility. My Barber College and My Beauty College, formed December 1, 2006, merged and became My Beauty & Barber College. Our facility is in Valley Mack Plaza shopping center on Mack Road.

Ownership – Kim Nguyen and Leslie Nguyen-Pickett.

Student Tuition Recovery Fund

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Time Clock

My Beauty & Barber College records time by clock hours. Students are required to clock in and out of school using the time clock located at the front of the school. Hours are given according to the time that a student clocks in and out rounding to the nearest 15 minutes. For example: A student clocking in at 9:35 a.m. and clocking out at 5:55 p.m. will receive 7 ¾ hours for the day. A student clocking in at 9:30 a.m. and clocking out at 6:00 p.m. will receive the full 8 hours. 30 minute lunches are required for full time students and any students that stay on campus beyond 5 hours. Full time students are required to clock out for their lunch.

Satisfactory Academic Progress (SAP) Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

An academic year is 900 clock hours and 26 weeks of instruction time. The first year would be at 450 clock hours and 13 weeks, 900 clock hours and 26 weeks of instruction time. The Second year would be at 1200 clock hours and 34 weeks, 1500 clock hours and 43 weeks of instruction time.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

	30%	60%	80%	100%	
Barbering Course	450	900	1200	1500	actual clock hours
Cosmetology	480	960	1280	1600	actual clock hours
Esthetician	180	360	480	600	actual clock hours
Manicuring	120	240	320	400	actual clock hours
Barbering Crossover	60	120	160	200	actual clock hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 85% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. All evaluations will be completed within seven (7) business days following the established evaluation points. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 85% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 118% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Barbering Course Program:

Students may be dismissed for failure to complete all program requirements within the maximum allowable time frame.

SATISFACTORY ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine satisfactory academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

- 93 - 100 EXCELLENT
- 85 - 92 VERY GOOD
- 70 - 84 SATISFACTORY
- 69 and BELOW UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Any student who does not achieve the minimum standards is no longer eligible for Title IV funds unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress, and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours.

LEAVE-OF-ABSENCE Policy (LOA)

My Beauty & Barber College understands that sometimes unexpected circumstances arise that may interfere with a student's ability to continue without interruption in the program. Students with a medical or other extenuating circumstances that may require them to be gone for one day or more are asked to submit a Leave-of-Absence request in writing to the School Director or Director of Education in advance that includes the reason for the student's request and student's signature. In the event that students have to take a Leave-of-Absence, they must complete and sign a Leave-of-Absence form and Enrollment Agreement Addendum in advance. Both documents must be signed and dated by all parties. My Beauty & Barber College may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances, if the institution documents the reason for its decision and collects the request from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution due to the unforeseen circumstance. A Leave-of-Absence will be granted only to students who have a family emergency, medical reason, military service requirement, jury duty, or other serious personal reasons. There must be a reasonable expectation that the student will return from the LOA. We reserve the right to determine on a case-by-case basis the time necessary for a Leave-of-Absence. If a student needs to extend his/her Leave-of-Absence, the student is required to submit an additional request to the Administrative Office. There is no fee or any additional charges to take a Leave-of-Absence.

The maximum time frame for a Leave-of-Absence or combined Leave-of-Absence(s) is 180 days within any 12 month period. This Leave-of-Absence time frame cannot be extended. We advise students to talk to the School Director or Director of Education if they are having problems attending school or have to leave for more than 180 days. Those who are granted a Leave-of-Absence return to the school with the same status as before their leave. The time that the student missed during the Leave-of-Absence does not count towards the total hours required for their program and must be made up. The Leave-of-Absence extends the student's contract period and maximum time frame by the same number of days taken in the leave of absence. A student granted an LOA that meets the criteria is not considered to have withdrawn and no refund calculation is required at that time, however if a student does not return from a leave on the date noted the student will be withdrawn and the withdrawal refund calculation is based on the student's last day of attendance.

Enrollment Agreement Program Length/ Disturbance of Education

Students are expected to complete their Barbering Course, Cosmetology, Esthetician, Manicuring, or Barbering Crossover programs within the time frame stated in their Enrollment Agreement. If a student fails to meet the time frame expected due to excessive absences, tardies, and/or Leave-of-Absence, the student's additional time with us will consist of self-study activities, practice activities, and technical instruction as assigned by the instructor. If a student were to miss a part of the program due to certain circumstances, it would be the student's responsibility to keep up with the program and complete any missed assignments. Instructors are not responsible

for giving additional assistance to students who have missed instruction, but they will do their best to help students complete the program—however, the responsibility is ultimately the student's.

3. Third offense will result in a 3-day suspension.
4. Fourth offense will result in termination from the school.

1st Offense	2nd Offense	3rd Offense	4th Offense

Violations:

Examples:

1. Improper clocking in and out
2. Refusal of service when called

We exercise professionalism and high moral standards and ask our students to do the same. Because each individual contributes to the school image, we expect our students to uphold these standards. We believe that all clients, staff, and students must be treated with equality and respect. Students are asked to keep their conversations on a professional level and avoid topics such as religion, politics, sex, and personal problems, all of which can be offensive to others. Failure to comply with our Ethics Policy may result in disciplinary action.

Graduation Documentation

In order for students to obtain a Proof of Training to certify their completion of the Barbering Course, Cosmetology, Esthetician, Manicuring, or Barbering Crossover Programs, they must complete both theory hours and practical operations with a grade point average of a 70% ("C") or better for the whole 1,500/1,600/600/400/200 hours (depending on program) and other requirements of the program. In addition, each student will obtain a Certificate of Completion.

Pre-Application for State Board Exam

Students who wish to apply early for the California State Board Barber, Cosmetology, Esthetician or Manicuring Exam have the option to pre-apply for the exam. FEDERAL RETURN OF TITLE IV FUNDS POLICY

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal Title IV aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws at any point during the payment period.

If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

Official Withdrawal Process: If a student wishes to withdraw from school, they must notify the School Director of the school. The notification may be in writing or orally. The date the notification is received is the date of determination. The School Director must begin the withdrawal process.

For unofficial withdrawals a student's withdrawal date at a school that is required to take attendance is their last day of physical attendance. Their date of determination is 14 days after they cease attendance.

The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, Direct Loans or Direct PLUS Loans during the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before the 60% point of time. After the 60% point of the payment period (or period of enrollment depending on what your school uses) the student is

considered to have earned 100% of the aid for the period. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%.

The percentage of the payment period completed is calculated by the number of scheduled clock hours in the payment period as of the withdrawal date divided by the total clock hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date.

If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first, if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. The funds must be released as soon as possible but no more than 45 days after the date of determination. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account.

If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 calculation was performed. The overpayment must be eliminated prior to offering a credit balance to a student.

The following Title IV return distribution is Order of Return of Title IV funds:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Direct PLUS Loan (Parent)
4. Federal Pell Grant

Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination.

The law requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

Refund Policy

STUDENT'S RIGHT TO CANCEL

1. You have the right to cancel your program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in your program through the last day of attendance.

2. Cancellation may occur when the student provides a written notice of cancellation at the following address: My Beauty & Barber College, 6100 Mack Road, Suite F, Sacramento, CA 95758. This can be done by mail or by hand delivery.
3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. If the Enrollment Agreement is cancelled by the student or the prospective student is not accepted for enrollment the school will refund the student any money he/she paid, less an application fee not to exceed \$100.00, and less any deduction for equipment not returned in good condition, within 45 days after the notice of cancellation is received.
6. If the program is cancelled before instruction begins the school will refund the student any money he/she paid, less any deduction for equipment not returned in good condition, within 45 days after the notice of cancellation is received.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of scheduled hours through the last day of attendance. The refund will be less an application fee not to exceed \$100.00, and less any deduction for equipment not returned in good condition, within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory academic progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.
- The student has failed to attend class for 14 days.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the hourly charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of hours scheduled to attend, prior to withdrawal.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student.

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

If a student receives a loan to pay for the educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

Student Service - Learning Resources for Students

Learning resource material is located in the multipurpose room and can be utilized on campus. The hours of usage are: Tuesday – Saturday from 4:00 p.m.- 6:00 p.m.

The school provides learning resources to enhance students' education in two broad areas:

- a. Books, magazines, journals, reference works, and electronic bookmarks related to topics in barbering, cosmetology, esthetician, and manicuring. These resources can be found in the library areas and on the school computers and are designed to help students better understand the curriculum coursework and to assist students in completing projects assigned by their instructor.
- b. Books, magazines, journals, reference works, and electronic bookmarks related to topics in career development, budgeting, and personal financial planning. These resources are designed to help students transition to academic life; develop coping, study, and research skills; access tutoring or study guides; plan for graduation; develop resumes and career planning skills; perform job searches; and assist with personal financial planning.

Use of the Learning Resources to Complete Assignments

The purpose of student assignments is to broaden and deepen the student's understanding of the program curriculum. Instructors will assign projects that directly relate to the student's field of study and will involve elements of research, organization of information, and presentation. The assignments will be directly related to practical instruction provided in the laboratory or to specific chapters of the student's textbook and serve to build upon and enhance the learning objectives of both. The purpose of the assignment or project is not to simply re-state practical instruction steps or material covered in textbooks, but to build upon or apply the material learned in a manner that strengthens understanding or applies the material to real-world applications.

Use of Computers and Electronic Resources

Computers and electronic resources are for the sole purpose of educational learning and student development. Computers may be used for Internet searches but limited only to search engines used for academic purposes.

Use of Books, Texts, and Periodicals

Students may use the books, texts, and periodicals in the learning resource area for research and personal or academic development.

Student Service - Placement Assistance

Our school regularly updates our current listing of job openings, and it is readily available for students to view. When there are open positions in our outside network of salons and stylists, students will be notified. Students close to graduation are encouraged to keep an eye on our bulletin board, as we post job listings for stylists and hairdressers. In addition, we also offer to write letters of recommendation and serve as a reference when our students apply for employment. Please note: *Although we provide placement assistance, we cannot guarantee employment.*

Student Service - Student Grievance Procedure

In accordance with the institution's mission statement, the school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.

The complaint form will be given to the School Director.

The complaint will be reviewed by management, and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem, but will notify the student of continued investigation and/or actions being taken regarding the complaint.

If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.

Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.

In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness's testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.

Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.

In the case that questions or problems concerning the school have not been satisfactorily answered or resolved by the school, they should be directed to: Bureau for Private Postsecondary Education; 2535 Capitol Oaks Drive., Suite 400; Sacramento, CA 95833; www.bppe.ca.gov, (888) 370-7589.

In order to remain anonymous, the student or employee may submit his information in writing without a signature to the institutional official. Once the reason for the lack of disclosure is no longer in force, the institution must disclose the information. If there is a request for information that is older than sixty (60) days, that information must be available within two (2) business days of the request.

4. Campus law enforcement/security policies are as follows:

Requirements for Financial Aid

- ⊙ Admitted as a regular student
- ⊙ Be a citizen or eligible non-citizen
- ⊙ Not owe a refund on a Pell Grant or SEOG Grant
- ⊙ Not be in default on any federal Stafford loans
- ⊙ Making satisfactory progress
- ⊙ All male students born after January 1, 1960 are registered for selective service

Financial Aid Principles

1. My Beauty & Barber College will work with schools, community groups, and other educational institutions to support the national goal of equal educational opportunities.
2. The expected family contribution (EFC) affects the student's cost of education. This school expects parents to contribute financially to their child's cost of tuition, according to their means, taking into account their incomes, assets, number of dependents, and other relevant information. Students are also expected to contribute from their own earnings and assets, including borrowing against future earnings.
3. Financial aid will be offered after determining whether the family's resources are insufficient to meet the student's educational expenses. The amount of financial aid offered will not exceed the amount needed to meet the difference between the student's total educational expenses and the family's resources.
4. In awarding funds to eligible students, the amount and the type of self-help will be related to the circumstances of the individual and the largest amount of grant assistance will be offered to students with the least ability to pay.

Student Accounts

1. Student payment plans are set during the student's interview and enrollment process with the Administrator. This includes schedules and monthly payment amounts.
2. Student who are on the "In House" or an overage payment plan have an interest-free monthly payment due each month on the anniversary of their start date. MBBC allows a 5 business day grace period. For example, if the student started on the 1st of the month, his/her payment is due on the 1st and late on the 5th. If the student is late past the grace period, a \$50.00 late fee will be added to the account and the student will be **suspended** until his/her account can be paid up to date.

Financial Aid Mechanism

Financial aid is a mechanism that reduces out-of-pocket costs those students and/or parents must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of postsecondary education attendance. Financial aid includes grants and loans. Grants do not have to be repaid. Loans usually have low interest rates and a student must repay them in accordance to the individual loan program terms. Most of the loans can be arranged to require payment after a grace period of several months upon graduation, or upon the student's termination from the school/program, or if a student's attendance falls below half time. Financial aid is awarded to students who have "need". Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school.

Financial Aid Programs

The following is a description of the Federal Financial Aid Programs available at the school. Additional information regarding these programs, eligibility requirements, the financial aid process, and disbursement of aid can be obtained through the school's Student Financial Planning Brochure, the school's Student Finance Office, and the U.S. Department of Education's Guide to Federal Student Aid, which provides a detailed description of these programs. The guide is available online at:

http://studentaid.ed.gov/students/publications/student_guide/index.html

To see if a student is eligible for financial aid, he/she can fill out a free application online at:

www.fafsa.ed.gov

My Beauty & Barber College's school code: **04262100**

Once the application has been submitted and processed by the U.S. Department of Education, a confirmation email will be sent to the student and the school determining the student's eligibility. The Financial Aid Director of the school will contact the student to determine the amount of financial aid award.

Any student wishing to apply for a Direct Loan must sign a master promissory note and Complete Entrance Counseling. To do so, the student must meet with the school's Financial Aid Director.

Federal Pell Grant Program (FPELL)

The Federal Pell Grant Program is the largest federal student aid program. For many students, these grants provide a foundation of financial assistance that may be supplemented by other resources. Student eligibility for the Federal Pell Grant Program is determined by a standard formula that is revised and approved every year by the federal government. Unlike loans, grants do not have to be repaid. Pell grant funds are received by June 30 in the year on which the application is intended for. Student Aid Report (or ISIR) must be submitted to the school's financial aid office by August 29 of the award year from which aid is requested, or your last day of enrollment in the award year, whichever arrives first. A valid ISIR, when the ISIR has been corrected if the student is selected for verification.

- ⦿ RENEWAL PROCESS: A FPELL Grant award received for one award year, (July 1 to June 30 of the following year) is **not** automatically renewed for the next award year. Students must re-apply for the FPELL Grant and submit a copy of the **new** SAR or ISIR to the school's financial aid office.
- ⦿ DISBURSEMENT: FPELL Grants are disbursed on a per payment period basis, via a direct credit to the student's account or via a check payable to the student.

Federal Stafford Loans (FSL)

Formerly the Guaranteed Student Loan (GSL), this low-interest loan is available to qualified students through the lending institutions or agencies participating in the program and is guaranteed by the U.S. government. Repayment begins six months after the student graduates, leaves school, or drops below half-time status. There are two types of Federal Stafford Loans available: Subsidized Loans and Unsubsidized Loans.

Federal Subsidized Stafford Loan

A low-interest loan issued by a lender (bank, credit union, or savings and loan association). Student eligibility for a Subsidized Stafford Loan is based on "financial need." The Federal government pays the interest while the student is in school at least half time, during the grace period and during periods of deferment.

Federal Unsubsidized Stafford Loan

A low-interest loan issued by a lender (bank, credit union, or savings and loan association). Students do not have to demonstrate "need" in order to obtain this loan. Interest accrues on this loan while a student attends school.

- ⦿ DEADLINES: Most lenders require applications to be submitted at least 30 days prior to the end of the loan period for which the loan has been requested.
- ⦿ DISBURSEMENT: Checks are issued to the school and credited to the student's tuition account. It is the student's responsibility to submit all required forms and documentation to the financial aid office before disbursement. It is also the student's responsibility to comply with all obligations involved in the receipt of federal and/or state aid.

Federal Parent Loan for Undergraduate Students (PLUS)

The Federal Parent Loan for Undergraduate Students (PLUS) provides additional funds to help parents pay for education expenses. Parents may borrow up to the cost of their dependent student's education minus any other aid the student is eligible for. The interest rate is fixed and interest accrues at the time of disbursement. Repayment typically begins within 60 days after the student starts school.

Note: Federal student loans are insured by state and private non-profit guarantee agencies.

Loan origination fees may be deducted from the loan by the institution making the loan as set forth by federal regulations.

For students who do not qualify for financial aid, we offer an interest-free monthly payment plan.

EMPLOYMENT FACTORS

LICENSURE

After completion of training, graduates are required to take and pass a licensing exam issued by the State of California Board of Barbering and Cosmetology before receiving their license and beginning employment in the field.

Students who complete a state-required training program, including the minimum practical services as established by the California Board of Barbering and Cosmetology, are qualified to take the licensing examination given by the Board. Upon passing the examination, the graduate may obtain a license as a in the State of California. With this professional license, the graduate may be employed in a barber/styling establishment or a beauty/styling salon, or may own and operate his/her own barber business.

To take the licensing examination, students in the Barbering program are required to:

- Complete the total clock hours of instruction in a program at a board-approved school
- Be at least 17 years of age
- Have completed the 10th grade in a public school or its equivalent
- Have committed no acts or crimes constituting grounds for denial of licensure under Section 480 of the Business and Professions Code

In addition to the Proof of Training document, students must also present picture identification, file an Application for Examination, and remit an examination fee.
